PROFESSIONAL EXPERIENCE

Dixie Primary Care | Hybrid   *Summer 2021 - Summer 2023*
Billing Assistant

- Processed and submitted medical insurance claims, ensuring adherence to coding and billing guidelines, resulting in a consistently high claims acceptance rate
- Contacted clients to discuss outstanding balances, effectively negotiated payment arrangements and resolved issues, met collection goals while maintaining positive client relations
- Maintained comprehensive knowledge of healthcare billing regulations, regularly updated coding knowledge (ICD-10, CPT), ensured all billing documentation met industry standard

Ace Martial Arts | In-Person   *Summer 2022 - Summer 2023*
Youth MMA Instructor

- Mentored and guided young students, fostering physical fitness, self-confidence, and respect for others through structured MMA training programs
- Delivered high-quality instruction in MMA techniques, emphasizing safety and discipline while teaching students essential skills in striking, grappling, and self-defense
- Instilled values such as discipline, sportsmanship, and perseverance in students, helping them develop both as martial artists and responsible individuals

PROJECTS

Grog Blog - Github Repo

(IN THE WORKS)
A personal blog site that showcases proficiency in HTML, Bootstrap CSS, and Javascript, as well as popular frameworks like React.js and Django. Developed to be responsive and look aesthetically pleasing user interfaces. The site utilizes Django's built-in REST framework to handle CRUD operations on blogs.

React.js | Bootstrap| Django

- Ability for authorized users to create, edit, and delta blog posts; markdown support for pretty text format in blog content
- User registration and login system for personalized experiences; role-based admin control to manage role permissions
- An admin dashboard with content management capabilities; easy to use tools for managing users, posts, and comments
